Routine Appointments

The practice operates an appointment system during normal surgery hours. You can book an appointment either by telephone, online or at reception. Routine appointments, with the doctor of your choice, can be booked up to two weeks in advance (subject to that doctor's availability). Please remember, **appointments are 10 minutes long**, and it is unrealistic to manage multiple problems in one appointment. If you have multiple issues to discuss, you may need to book a further review. Please note that if you arrive more than 5 minutes late for an appointment, you will be asked to re-book for another day.

Urgent Appointments

If you feel your problem is urgent, and you need to be seen on the same day, please let the receptionist know when you call. Emergency appointments are dealt with each morning, **so please phone before 10:30am**. If you need an appointment on the day, the receptionist will ask some basic information about your problem, so the doctor can see the most urgent cases first. You will be given a time to attend the surgery that morning, but please note due to the nature of medical emergencies, you still may have a wait to be seen. In urgent cases, we cannot guarantee an appointment with the doctor of your choice.

Cancellations

If you cannot attend your appointment, please inform us as soon as possible so we can offer it to another patient.

Prescription Requests

We regret that we **cannot** accept prescription requests over the telephone. Please ensure that you mark the items you require clearly by ticking the appropriate medication on the repeat request form, or order online. In order for us to process the large amount of requests each day, please note that **48 hours' notice** is needed for repeat prescription orders. Please ensure that prescriptions needed over the weekend are ordered by Wednesday and are collected before the surgery closes on Friday evening.

Home Visits

Home visits are reserved **only** for the very elderly, frail and housebound patients, and are based on clinical need at the discretion of the doctor. If you feel you need a home visit please contact reception as **soon as possible** during morning surgery. The doctor may telephone you back to obtain more information. We expect children to be brought to the surgery where they can be seen quickly and examined in the most appropriate surroundings. Lack of transport or other inconvenience is not a valid reason for a house call. In such cases, you may be offered a review at the surgery at short notice, if appropriate.

Patients' Rights and Responsibilities

Patients have the **right** to:

- Change doctor if desired
- Be offered a health check on joining the practice
- Receive emergency care at any time from the practice
- Receive appropriate drugs and medicines
- Be referred for specialist or second opinion if they and the GP agrees

- Respond in a positive way to questions asked by the reception staff
- Attend appointments on time or give the practice adequate notice that they wish to cancel. Someone else could use your appointment!
- An appointment is for **one** person only - where another member of the family needs to be seen or discussed, another appointment should be made and the medical record be made available
- Patients should make every effort when consulting the surgery to make best use of nursing and medical time - home visits should be medically justifiable and not requested for social convenience
- Patients are asked to give 48 hours notice for repeat prescriptions to allow us to process your request correctly
- Out-of-hours calls (e.g. evenings; nights and weekends) should only be requested if they are felt to be truly necessary.

More details can be found in the **Patients' Charter** leaflet, which is available to download from our website or is available from reception.
